

Attention FDA

0211 '00 MAY -4 10:42

It came to my attention that the FDA is being asked to take away my right to sign a medical waiver before purchasing a hearing aid. Instead I would be forced to have a medical exam or hearing test. Here's my views and/or experiences on several related questions?

1. Should I be forced to have a medical exam and/or hearing test before purchasing a hearing aid? If so, should the FDA pay for the exam?

I should not be forced to have a med. exam!

If so why shouldn't FDA pay for it?

this is the way Hitler got started!!

2. Some people are physically unable to drive to a doctor or hearing specialist, or have had bad experiences they don't want to repeat. For instance ...

I am one of them - I'm 90 years old - and lucky to be able to drive to Church and Super Market.

3. Should the FDA take away my Constitutional Right, affirmed by the Supreme Court, to decide for myself my medical exams and treatment?

absolutely not Just who do they think

they are anyway?

4. Should I be allowed to purchase hearing aids by mail as I choose?

Are we not still Free american Citizens?
